Dubber and Macquarie Telecom Sign Call Recording MSA

Dubber Corporation Limited (ASX: DUB) is pleased to announce that it has entered into a formal Master Service Agreement (MSA) with Macquarie Telecom for the provision of Dubber's Cloud Call Recording platform, following on from the memorandum of understanding announced on 10 February 2016.

Macquarie Telecom has targeted having the product available during the September quarter. Revenues earned pursuant to the MSA as they will be dependent upon the take-up of the service by Macquarie Telecom customers with Dubber anticipating first revenues during the December quarter.

About Dubber:

Dubber is the world's most scalable call recording service which enables telecommunications carriers and customers to capture voice data in a way never before available. Dubber's use of a true native cloud platform is revolutionary and is revitalising the call recording industry. Its high availability, unlimited scalability and true Software as a Service (SaaS) offering enable telecommunications carriers to deploy and manage new services and revenue streams without the need for hardware, productisation or capital expenditure.
