

ASX Announcement  
ASX: DUB

29 March 2019

### **Dubber Provides Cloud Call Recording for Optus Loop**

- Dubber Cloud Call Recording services available to Optus Loop customers in Australia
- Optus Loop is a Unified Communications (UC) offering for small and medium businesses, supported by BroadCloud
- Optus Loop Customers can switch on recording features instantly ‘as a service’

Dubber Corporation Limited (ASX: DUB), the world’s most scalable cloud call recording service, is pleased to announce that the company is providing its world-leading cloud call recording solution to Optus as an integrated part of Optus’ Loop product offering to businesses throughout Australia. Optus Loop is a Unified Communications (UC) solution for small and medium businesses within Australia that provides a hybrid fixed and mobile experience.

Optus Loop customers can now switch on call recording for their businesses utilising Dubber’s Platform as a Service (PaaS) as an integrated feature. The service is available to all Optus customers on the Loop platform.

## About Dubber:

Dubber is the world's most scalable call recording service which has been adopted as core network infrastructure by multiple global leading telecommunications carriers in North America, Europe and Asia Pacific. Dubber is a disruptive innovator in the multi-billion dollar call recording industry, its Software as a Service offering removes the need for hardware, productisation or capital expenditure.

As the telecommunications sector moves towards Cloud services, Dubber has also been chosen by BroadSoft, Inc., a Cisco Systems Company, for its global leading Cloud telecommunications platform, BroadCloud, as the recording and voice data capture service for its network of telecommunication Service Provider Customers.

Dubber provides the opportunity for the capture of voice data across these networks enabling further monetising opportunities, in addition to regulatory compliance, in the areas of analytics, artificial intelligence and 'Big Data' - expanding the potential market for call recording to every phone.
